

In its June 2008 meeting, the Chicago City Council will be presented with a resolution opposing a U.S. attack on Iran. If passed, Chicago would be the largest city in the nation to go on record opposing another illegal, immoral and disastrous war. You can help by adding your name to those urging the City Council to vote to adopt this resolution. After signing the petition, contact your Alderman and ask him/her to support the resolution. You can find your Alderman by going here: www.chicityclerk.com

To find out more about the resolution, visit www.nowaroniran-chicago.org. To become involved in the campaign, contact Mike Lynn at mlynn226@gmail.com.
